Mr. & Mrs. Holm

Good evening. My name is ANTONIO (TONE). I was Jordan's best friend in this place, and I don't call many people "friend." You both are fine people and fine parents because Jordan is a fine man. Jordan is unaffected by the cruelty of this world and that is why I like him. IN here he could've easily been tainted by all of the wrong that surrounds us on a daily basis, but because of who he is and the good moral qualities that the two of you instilled in him he did not waver - he remained good & wholesome. I have done wrong in my life so I know when I SEE good & great. You two "good" people did a "great" job raising your son. From what I gather you are the kind of loving parents that will raise him for life! I'm ten years older than Jordan and he has influenced me & motivated me. So I say "thank-you" for being the people and parents that you are. God bless you & family!

P.S. Tell Jordan  
God has a plan for him!
